

SPLIT-SYSTEM AIR CONDITIONERS

594D — 11 SEER Air Conditioner

The 594D offers an upgrade opportunity from a standard 10 SEER system. Combining the features of the Reliant cabinet and the added benefit of 11 SEER performance, the 594D is a good product to offer when you look to offer a higher value system than the competition. Offer the 594D as an upgrade when competing against standard 10 SEER systems. Separating your quote from the competition.

Special Features

- **DuraGuard™ Coil Guard** Helps avoid damage from rocks and other debris to keep the unit running efficiently.
- **Reliant cabinet** Durable, attractive appearance.
- **Scroll compressor** Provides added efficiency and low sound levels.
- **AeroQuiet System** Provides extremely low operating sound.
- **Large diameter fan and special fan orifice** Reduce the sound of air movement.
- **Compressor sound hood** Reduces the sound level of compressor operation.
- **Brass Back Seating service valves** Prevent leaks while making the process of evacuation and charging much quicker than with standard service valves.
- **Large access panel** For improved serviceability.

Warranty

- 10 Year parts warranty on the compressor.
- 1 Year parts warranty on the entire unit.
- A variety of extended warranties are available.

593C — 10 SEER Air Conditioner

The 593C offers an upgrade opportunity from a standard 10 SEER system. Adding the features and high quality appearance of the Reliant cabinet make the 593C an excellent model for sale when the consumers seeks quality at standard efficiency levels. The 593C is a good product to offer when you look to offer a higher value system than the competition. Offer the 593C as an upgrade when competing against standard 10 SEER systems.

Special Features

- **DuraGuard™ Coil Guard** Helps avoid damage from rocks and other debris to keep the unit running efficiently.

Warranty

- 10 Year parts warranty on the compressor.
- 1 Year parts warranty on the entire unit.
- A variety of extended warranties are available.
